CEO MESSAGE

Dear Sir,

Having started a venture at 2017, today I am privileged to be a founding member of one of the most competitive company with emphasis on efficiency in operations, reliability for customers and trust on sustainable development. For us, sustainability means aligning economic success with environmental and social responsibility. Our approach to corporate responsibility also has a social dimension based on our belief that the long-term success depends on the existence of stable and economical viable communities.

I've 15 years' experience in garments industries screen printing inks import and marketing

Knowledge in Bangladesh market. Previously I have a deep relation with world leading

Ink manufacturer company Lancer Group International Canada, Image Mate/chromaline USA, Afford Industrial S.A. Anadolukimya (Antex) Turkey etc.

Looking forward, we have merely reached the next level that each member of our company needs to focus on. Ensuring that the company will support by itself a sustainable growth regardless of external factors. We have the key success elements necessary to withstand the winds of change. The stimulation provided to build a highly skilled and creative research and development team is supported by the state-of-the-art infrastructure. Our well-recognized market presence with a broad product portfolio, which is being marked up with newer product ranges and efficient manufacturing capabilities that boasts of high-quality production and cost effectiveness.

I would like to thank our employees, customers, suppliers and others, for their dedication and support.

Evertex ink International is committed to contributing our experience and expertise in applications for the industries sustainability to reduce cost & pollution and to provide a better living environment for human beings.
